

→ Course Outline :

- (1) History - Aniketh
- (2) Economics - Anganika
- (3) Literature - Natzia and Sushmita
- (4) Political Science - Akanshka
- (5) Sociology - Radhika
- (6) Philosophy - Ashwin

Q) First Engg. college in India - Now IIT Roorkee, Before Thomas college
(Civil Engineering)

Q) First 5 IITs with help from Germany, UK, ...

→ IHS - Understand Society & Study human world scientifically

→ Anglophone : Part of world speaking English

Francophone : Part of world speaking French

→ Heliocentric Revolution

→ Centering the Human :

Leonardo Davinci - Subject of knowledge (Human)

Humanism : Care about other humans (past)

↳ Analyze Human being's action (now)

Novel : Name of the rows by Umberto Eco

Q) Adam Smith - First Economics Script

(1) First 3 chapters (80 pages) "What is History"

(2) Sherlock Holmes story - Silver Blaze

(1) History of Temple of Somnath

8/1

→ To know what changed, we need to know what hasn't changed.

- Only constant: Speed of light
- Narmada is older than Himalayas.
- Janiawala bhag?

→ Fact - Knowledge

12/1

→ Past $\neq$ History

→ Something about the past

→ Everything that has happened

→ Time period of History:

Prehistory

→ Technical Term? What do historians call?
(Neolithic, ...)

Pre-history $\Rightarrow$ Ancient $\Rightarrow$ Medieval $\Rightarrow$ Modern
(1757)

B.C.: Before Christ (count down)

A.D.: Anno Domini (count up)

B.C.E.: Before Common Era

C.E.: Common Era

c.: Approximate

Paleolithic $\Rightarrow$ Mesolithic $\Rightarrow$ Neolithic Age: Pre-History

Chalcolithic $\Rightarrow$ Bronze $\Rightarrow$ Iron Age: History
[Jainism vs. Buddhism]

19/1

- No distinction b/w Past, Present and Future
- Suryavamshi
- Tipu Sultan
- Pig/Cow Grease
- Princep Ghat

- Discovery of India - Jawaharlal Nehru

- Death from Alcohol > Death from overworking

- Age of Consent - 1890 India
(12 years)

→ Chapter - I : What is History

- Leopold : History should show how it really was
Acton vs. George Clark
(1890) (1950)

History : Time and society

Facts vs. Biased knowledge

Ranke : show how it was

Positivists : Fish

- Battle of Hastings : 1066

Past facts vs. Historical facts

(Past event selected and Interpreted by Historians)

1850 : Gingerbread seller @ Stalybridge

Dr. Kitson Clark cites - Victorian society

- Ancient Greek - Athenian view

(Spartan, Persian, Slave - X)

Middle Age - Medieval people - religious ∴ Churchmen

History : Series of accepted Judgements — Barraclough

- Ancient Historians - few sources - Natural selection

Modern Historians - many sources

History - Max. facts X

→ Meaningful facts ✓

- Stresemann - German foreign minister - left 300 boxes of papers

Bernhard - Secretary - Glorify western policy

reduce soviet connections

Sutton - EN Translator - Cut more

Document : What someone thought happened
not what happened.

(Facts : Interpretation)

- Croce : All History is contemporary History

i.e. See past through present problems

Carl Becker : Facts exist only when Historians create them.

Collingwood : History is rethinking past thoughts in the Historian's mind.

- History depends on Historian

e.g. Trevelyan - Whig Historian ∴ Interpretation of Queen Anne - Whig beliefs

Facts : Fish in Sea — Carr

History = Interpretation

- Objective Truth does not exist
Some interpretations better
- Read all sources $\Rightarrow$ Write X
Read, Write, Interpret, Revise, ...

Only facts : meaningless chronicle

Only Interpretations : propaganda / fiction

History : Continuous process of interaction b/w Historian and facts,
unending dialogue b/w present and past.

→ Chapter - II : Individual vs. Society

- Hen and egg. X

Inseparable and Complementary

John Donne : No man is an island

X J.S. Mill : People do not change substance when brought together

Humans - Society

Robinson Crusoe Myth fails $\therefore$ Socially formed

- Individualisation $\uparrow$ Social development $\uparrow$

Renaissance : Birth

Liberty vs. equality : Struggles b/w social groups

- History : Individuals write about individuals

Knowledge : Social

Historians : Societies

History : Moving procession

Historian : Part of History / Product of History

- Grote : History of Greece

Idealised Athenian democracy (Radical Banker)

Mommsen : History of Rome

German liberal - 1848 Rev. failed - Idealised Caesar (Strong man)

Good history : Present Illuminates Past

- Sir Namier - True conservative after WW1

1848 : European Rev. - Failure of Liberalism

Namier called Rev. of Intellectuals

Historians $\longleftrightarrow$ Social

- Meinecke - German historian - Reflects successive periods

Butterfield - Whig X , Past using Present X (1931)

Whig $\checkmark$, Past using Present (1944)

Historian : flux $\therefore$ Society : Flux

Acton hoped : History free us from present bias

- Bad King John theory of history
 - History explained by character of Individual

Individual - Member of Group / Society

Biography $\neq$ History

→ Past of man in society

Marx : History does nothing , man does everything.

History - Why they did X

(1) Numbers matter

French Rev. - Millions Hungry

- Rebels ~ Great men : Product of Society
- History : Social process
 - Burckhardt : History is record of what one age finds worthy of note in another

→ Chapter - III : History vs. Science

- Society → Machine (Newtonian)

Then, Darwin

Science : Process, Change, Dev ; Not Facts

- Malthus : Law of Population

Lassalle : Iron law of wages

Marx : Economic law of motion of modern society

→ Relations independent of will

Buckle : History follows universal and unvarying regularity

Modern Science :

Henry Poincaré : Law = Hypothesis

- Weber's thesis

Protestantism → Capitalism

Marx :

Hand-mil : Feudal society

Steam-mil : Industrial Capitalism

- Georges Sorel : Historians must use partial, provisional hypothesis & keep correcting them

- Truth : What experts publicly accept

- History : Unique } x
- Science : General }

History studies general within unique

- Sociology ↑ ⇒ History ↑

- 1919 Paris Peace Conference

Learnt from Congress of Vienna

(1) Self-Determination

(2) Not discard Secret docs. carelessly

∴ History Teaches

Learn Past through present & present through Past

- Observer : Historian } Same category
Object : Human
- Bolsheviks feared Napoleon
Trusted Stalin , Not Trotsky
(History affects society)
- Not use god to explain
- Morality (Good husband or not) X
Matters iff affects public
- Judge society not individual
French blame Napoleon
- History : Science

→ Chapter 9 :

- Poincare : Science moves towards Variety & Unity
- Smith Insults you :
Free will X
Causation ✓
- Might have been's - Emotional protests
- Antony loved Cleopatra - lost Actium
Greek King died - Monkey bite
Trotsky fell ill duck hunting

Trotsky : Historical law works through natural selection of accidents

Events $\neq$ Accidents

- Not all facts - Historical facts
Not all causes - Historical causes

History builds working model to understand & master reality

- Robinson accident (Drunk driving ✓, Faulty brake ✓, Blind corner ✓, Needed cigar X)
- History : Past , Present & Future $\Rightarrow$ Why & Whither? (Society going where!)
- Huizinga : Historical thinking is teleological

→ 2 Economic Problems

- (1) Production
- (2) Development

→ Economic Agents / Actors :

- (1) Firms
- (2) Households
- (3) Governments

- Model : Assumptions , Conclusions
Agents - functions - Interaction

→ GDP :

Monetary value - Final Goods and Services - In a country

GNP :

Everything produced by Nationals no matter where.

• Measuring GDP :

(i) Expenditure Approach :

Consumer Expenditure
Business Investment
Government

$$\text{Final Expenditure} = C + I + G$$

(ii) Production Approach :

$$\text{Wages} + \text{Profit} + \text{Rent} + \text{Interest} = \text{Value of Product}$$

(iii) Income Approach :

$$\text{Value of Product} = \text{Income of Actor}$$

→ Economic Growth :

Social Progress - Instrumental Importance
Economical Welfare - Historical Significance

- Real GDP per capita : Per person

- Disadvantage of GDP :

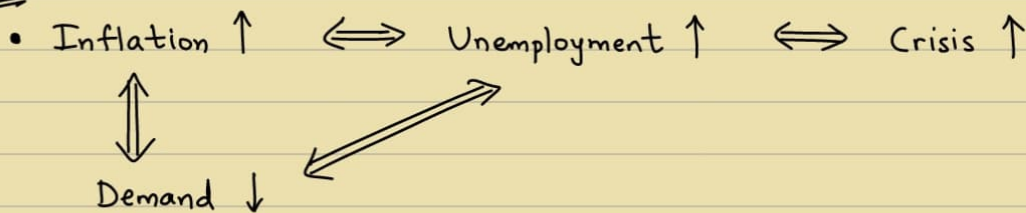

- (i) Pollution
- (ii) Household Unpaid work
- (iii) Inequality

- Measuring GDP - difficulties :

- (i) Blurred Boundaries , e.g. WFH - electricity bill
- (ii) Free Value , e.g. Open Source Projects

- GDP , Unemployment Rate

5/2

- Fiscal Deficit = (Expenditure - Income) of Government

Govt. should reduce Fiscal Deficit ? No

Yes $\Rightarrow$ Inflation $\uparrow$

Private Investment $\downarrow$

- Say's Law :

Aggregate supply creates its own demand.
 $\hookrightarrow$ Does not explain Recession

- Ricardo - Theory of Trade

Every country must trade - Relative Advantage

- Malthus : Law of Population

Population - Geometric $\uparrow$
Agriculture - Arithmetic $\uparrow$ } But no Proof

- Pareto - Something good $\Rightarrow$ Some other thing bad $\therefore$ Social Change
 $\hookrightarrow$ Efficiency

Pigou - Manipulate market prices

- Akerlof : Market for Reused Cars (Good & Bad)

Seller has more information — Bad Cars remain
Good Cars exit

- Neoclassical Schools : Rational when Self-Obsessed

Marxist Schools : Workers as a class

Work should not be treated as bad. Should be of interest.

Promote Capitalism

12/2

Literature:

→ Literary Scholars : Analyse , Interpret and Explore the text
Literature : Human Creative expression in the form of writing

Human condition : Everything that is there to be a Human

→ (1) Language is important. - How it is written ?
(2) Creative writing - Imagination - Poetry , Plays , etc

→ Italics : Dehumanised
Non-italic : 3rd Person narration

→ The poem reads what the story says.
Humanity dies , AI dies
Nature Prevails & claims over

16/2

→ Anthropomorphism : Attribution of Human characters to a non-human object
→ Author $\neq$ Narrator
Intrusive Narrator : Narrator bringing in opinions

→ What is Politics :

Study of affairs involving power and rules in order to run a country and how decisions are taken

Mathematics - Science

∴ Art generally is a form of expression, moves someone emotionally.

Power : Ability to exert control

(Capacity to influence someone's decision without doing anything)

Politics as an art $\Rightarrow$ Politics as Public affairs

Politics : Ammendment of a converged opinion from many diff. opinions.

9/3

(i) Art of Governance

(ii) Public Affairs

(iii) Concess

(iv) Power

Decision Making

Agenda Setting

Thought Control

→ State :

(i) Defined Territory recognized by other states

(ii) People living i.e. Population

(iii) Governance : Any form of Govt.

(iv) Sovereignty : No external actor can influence/force on the state

State - Telangana

India - Union of States (Historical Legacy)

└ Administrative Unit Legally and Politically

Judiciary

Parliament : Public Institution

(Funded by Public & Collective organization)

- Origin of State :

- Divine belief
- Social Contract

- Roles :

- Minimal State (US)
- Development State (Singapore)
- Social - Democratic states (India)
- Collectivised States : No Private $\therefore$ Profit to self (USSR)
- Totalitarian States (North Korea)

India : Social - Democratic State

If not, Collectivised State $\therefore$ Economy under state control

→ Government :

- Capacity to take decisions (Law-making)
- Capacity to implement via ministry
- Interpretation of the Law (Adjudication)

- Types of Govt. :

(1) Monarchy - King's rule over subject $\therefore$ Divine

- Absolute : King has supreme power (Saudi)
- Constitutional : Also has govt., King doesn't have absolute power.
(Bhutan, Ukraine)

(2) Democracy :

- Parliamentary : UK
Executive is responsible for Legislature
- Presidential : US

(3) Communism

No Private Property

(4) Socialism

State owns property

(5) Aristocracy : Rule of the best

(6) Oligarchy : Ruling for own good ; Corrupted Aristocracy
(Russia)

(7) Military Dictatorship : Past Pakistan (4 times) , Myanmar

(8) Theocracy : Run state on Religious Belief
(Vatican , Iran , Afghanistan)

(9) Totalitarianism : State controls Private affairs as well

(10) Colonialism : Some other state controls the state

India - Parliamentary Democracy / Socialism

If not, 1947 : Const. Monarchy

Now : Oligarchy

→ Liberty :

Freedom of Speech

Freedom to Education

Freedom to Life

Freedom to Health

Liberty comes with choice

Freedom to ✓ & Freedom not to ✓ $\Leftarrow$ Liberty

Also able to exercise it $\Leftarrow$ Liberty

If being stopped , Govt. should intervene

Take protection from State

Positive freedom - State intervenes (Education)

Negative freedom - State doesn't intervene (Freedom)

→ Justice : Resource Allocation problem

• Flute : (A) Expert

(B) Enthusiast

(C) No Idea

12/3

→ Procedural Justice Model
Substantial Justice Model

→ Democracy:

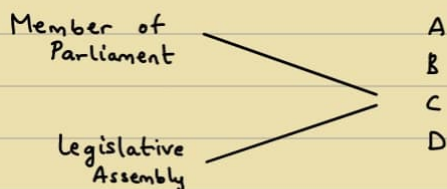

Assumptions:

- (i) Everyone is equal
- (ii) Everyone is rational

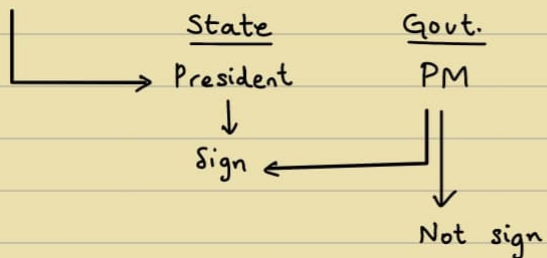

Spanish

16/3

→ President:

Parliament

President - Elected
PM - Appointed

Rajyasabha - 2/3rd

23/3

Sociology

RTI → Right to Information

For farmers :

Information : Spending

Yuganthar

↳ Human in the loop

Influencers

↳ Lifestyle Influencers
(Mofissal Area)

Understand the problem before moving to the solution

26/3

- (1) Design
- (2) Incentivisation

- Dromology : Movements
- Molarization : 2 options - Yes / No
- Scientific Revelation - Questioning authority
Without methodology, no science.
- Phase - I : Colonisation
Phase - II : Stay and Rule

Ignu

2/4

How Sociologists think ? - Patterns

Why do people think what they think ?

Why do we have system of Capitalism

Founding Fathers of Sociology - Marx, Weber, Durkheim

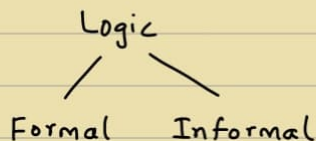

6/4

→ Weber : Why Capitalism rose - Calvinists

Philosophy

Philosophy is grounded in logical comprehension, who's bedrock is reasoning.

Ph.D - Doctrate in Philosophy

$$\underline{13/4} :$$

Multiple sentences can mean the same proposition

Language dependent Command x
Question x

Proposition : T/F [Premise]

Arguments : Valid / Invalid

Valid & If Premise : True $\Rightarrow$ Sounded
Invalid $\Rightarrow$ Not Sounded

Inductive $\rightarrow$ No validity
Arguments

1. Deductive
2. Inductive
3. Deductive
4. Inductive

16/4

- (1) ?
- (2) ?
- (3) Weak Inductive
- (4) Strongly Inductive

- (2) Valid and Unsound
- (3) Deductive but Invalid
